DISCLAIMER: This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our subscribers we are providing this early version of the article. The paper will be copy edited and typeset, and proof will be reviewed before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to The Journal pertain.

All press releases and the articles they feature are under strict embargo until uncorrected proof of the article becomes available online. We will provide journalists and editors with full-text copies of the articles in question prior to the embargo date so that stories can be adequately researched and written. The standard embargo time is 12:01 AM ET on that date.

Title: Improving Resident and Nurse Communication Practices: Results of a Collaborative Culture Initiative

Duncan R Morhardt MD, PhD*¹, Amy N Luckenbaugh MD*¹, Tiffany Hecklinski MS¹, John Killian L Rodgers¹, Adam Mellem RN², Christina Reames MS RN², Abbas Alhassan¹, Gary J Faerber MD³

¹University of Michigan Department of Urology

²University of Michigan Health System

³University of Utah, Division of Urology

*Both of these authors contributed equally to this work

Conflict of interest: None

Manuscript- 1993 words, Abstract- 250 words
