Accepted Manuscript

A new characterization of the generalized inverse using projections on level sets

Ariel L. Babierra, Noli N. Reyes

PII: S0021-9045(18)30089-3
DOI: https://doi.org/10.1016/j.jat.2018.07.002
Reference: YJATH 5228

To appear in: *Journal of Approximation Theory*

Received date : 7 February 2017
Revised date : 6 July 2018
Accepted date : 30 July 2018

Please cite this article as: A.L. Babierra, N.N. Reyes, A new characterization of the generalized inverse using projections on level sets, *Journal of Approximation Theory* (2018), https://doi.org/10.1016/j.jat.2018.07.002

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
