

Accepted Manuscript

Inexact stochastic optimization model for industrial water resources allocation under considering pollution charges and revenue-risk control

Y.L. Xie, D.H. Xia, G.H. Huang, L. Ji

PII: S0959-6526(18)32594-0
DOI: 10.1016/j.jclepro.2018.08.245
Reference: JCLP 14029
To appear in: *Journal of Cleaner Production*
Received Date: 25 October 2017
Accepted Date: 23 August 2018

Please cite this article as: Y.L. Xie, D.H. Xia, G.H. Huang, L. Ji, Inexact stochastic optimization model for industrial water resources allocation under considering pollution charges and revenue-risk control, *Journal of Cleaner Production* (2018), doi: 10.1016/j.jclepro.2018.08.245

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

1 **Inexact stochastic optimization model for industrial water resources allocation under**
2 **considering pollution charges and revenue-risk control**
