Cloning and expression of the lectin gene from the mushroom *Agrocybe aegerita* and the activities of recombinant lectin in the resistance of shrimp white spot syndrome virus infection

Yun-Shiang Chang, Jian-Nan Chen, Kun-Hung Chang, Yi-Ming Chang, Ying-Jang Lai, Wang-Jing Liu

PII: S0145-305X(18)30297-0

DOI: [10.1016/j.dci.2018.07.020](https://doi.org/10.1016/j.dci.2018.07.020)

Reference: DCI 3220

To appear in: *Developmental and Comparative Immunology*

Received Date: 8 June 2018

Revised Date: 17 July 2018

Accepted Date: 18 July 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
