Injury-related maternal mortality

Joel G. Ray, MD MSc, Jonathan Zipursky, MD FRCPC, Alison L. Park, MSc

PII: S0002-9378(18)30435-6

DOI: [10.1016/j.ajog.2018.05.025](https://doi.org/10.1016/j.ajog.2018.05.025)

Reference: YMOB 12210

To appear in: *American Journal of Obstetrics and Gynecology*

Received Date: 19 March 2018

Accepted Date: 22 May 2018

Please cite this article as: Ray JG, Zipursky J, Park AL, Injury-related maternal mortality, *American Journal of Obstetrics and Gynecology* (2018), doi: 10.1016/j.ajog.2018.05.025.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Injury-related maternal mortality

Conflict of Interest: The authors report no conflict of interest.

Source of funding: This work was supported by a grant from the Canadian Institutes of Health Research (CIHR), and by the Institute for Clinical Evaluative Sciences (ICES), which is funded by an annual grant from the Ontario Ministry of Health and Long-Term Care (MOHLTC). The opinions, results and conclusions reported in this paper are those of the authors and are independent from the funding sources. No endorsement by ICES or the Ontario MOHLTC is intended or should be inferred. The funders had no role in study design, data collection and analysis, decision to publish, or preparation of the manuscript. Parts of this report are based on Ontario Registrar General information on deaths, the original source of which is Service Ontario. The views expressed therein are those of the author and do not necessarily reflect those of ORG or Ministry of Government Services.
