Review article

Young's modulus of trabecular bone at the tissue level: A review

Dan Wu, Per Isaksson, Stephen J. Ferguson, Cecilia Persson

PII: S1742-7061(18)30459-8

DOI: <https://doi.org/10.1016/j.actbio.2018.08.001>

Reference: ACTBIO 5605

To appear in: *Acta Biomaterialia*

Received Date: 6 April 2018

Revised Date: 30 June 2018

Accepted Date: 2 August 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
