

## Accepted Manuscript

Tree gum-based renewable materials: Sustainable applications in nanotechnology, biomedical and environmental fields

Vinod V.T. Padil, Stanisław Waclawek, Miroslav Černík, Rajender S. Varma

PII: S0734-9750(18)30146-0  
DOI: doi:[10.1016/j.biotechadv.2018.08.008](https://doi.org/10.1016/j.biotechadv.2018.08.008)  
Reference: JBA 7291  
To appear in: *Biotechnology Advances*  
Received date: 18 April 2018  
Revised date: 22 July 2018  
Accepted date: 24 August 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
