

# Accepted Manuscript

Associations between chronic caregiving stress and T cell markers implicated in immunosenescence

Aric A. Prather, Elissa S. Epel, Eduardo Portela Parra, Michael Coccia, Eli Puterman, Allison E. Aiello, Firdaus S. Dhabhar

PII: S0889-1591(18)30236-8  
DOI: <https://doi.org/10.1016/j.bbi.2018.06.019>  
Reference: YBRBI 3432

To appear in: *Brain, Behavior, and Immunity*

Received Date: 3 March 2018  
Revised Date: 15 June 2018  
Accepted Date: 20 June 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Running Head: Stress and T cells

Associations between chronic caregiving stress and T cell markers implicated in immunosenescence
