Title: 17β -estradiol potentiates TREK1 channel activity through G protein-coupled estrogen receptor

Authors: Nasreen Choudhury, Sujit Kumar Sikdar

PII: S0960-0760(18)30152-3
DOI: <https://doi.org/10.1016/j.jsbmb.2018.06.001>
Reference: SBMB 5159

To appear in: *Journal of Steroid Biochemistry & Molecular Biology*

Received date: 11-3-2018
Revised date: 10-5-2018
Accepted date: 4-6-2018

Please cite this article as: Choudhury N, Sikdar SK, 17β -estradiol potentiates TREK1 channel activity through G protein-coupled estrogen receptor, *Journal of Steroid Biochemistry and Molecular Biology* (2018), <https://doi.org/10.1016/j.jsbmb.2018.06.001>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

17 β -estradiol potentiates TREK1 channel activity through G protein-coupled estrogen receptor
