This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Title: Evaluating the Construct Validity of a Pulsatile Fresh Frozen  
Human Cadaver Circulation Model for Endovascular Training

First author: Mr Craig Nesbitt

Order of authors: Craig Nesbitt<sup>1</sup>, Samuel James Tingle<sup>2</sup>, Robin Williams<sup>3</sup>, James McCaslin<sup>4</sup>, Roger Searle<sup>5</sup>, Sebastian Mafeld<sup>6</sup>, Gerard Stansby<sup>7</sup>

Author affiliations:

1. MRCS, MD. Northern Deanery Vascular Surgical Registrar and corresponding author,  
Middlesbrough James Cook University Hospital, Middlesbrough.

2. Faculty of Medical Sciences, Newcastle Medical School, Newcastle, Tyne and Wear NE2 4HH,  
United Kingdom.

3. FRCR. Consultant Interventional Radiologist. Northern Vascular Centre, Department of  
Interventional Radiology, Freeman Hospital, Newcastle Upon Tyne.

4. FRCS, MD. Consultant Vascular and Endovascular Surgery. Department of Vascular Surgery.  
Northern Vascular Centre, Department of Vascular Surgery, Freeman Hospital, Newcastle Upon  
Tyne.

5. PhD. Head of School & Director of Anatomy and Clinical Skills & Director of Excellence in Learning  
and Teaching, Newcastle University, Newcastle Upon Tyne.

6. FRCR. Specialty Registrar in Interventional Radiology. Northern Vascular Centre, Department of  
Interventional Radiology, Freeman Hospital, Newcastle Upon Tyne.

7. M.A. (Catab), M.B., M.Chir, F.R.C.S. Professor of Vascular Surgery. Northern Vascular Centre,  
Department of Vascular Surgery, Freeman Hospital, Newcastle Upon Tyne

Submission category: Basic Science Research (new investigations, experimental work)

Key words: Endovascular Training, Human Cadaver, Pulsatile Model, Simulation

Corresponding Author: Mr. Craig Nesbitt, MRCS, MD

Address: Healeyhope Barn, Waskerley, Consett, Co Durham, DH8 9DB, UK.

Telephone: 07969223061
