

Accepted Manuscript

Title: TiO₂-Pt composite photocatalyst for photodegradation and chemical reduction of recalcitrant organic pollutants

Authors: K. Alamelu, B.M. Jaffar Ali

PII: S2213-3437(18)30493-7
DOI: <https://doi.org/10.1016/j.jece.2018.08.042>
Reference: JECE 2590

To appear in:

Received date: 29-5-2018
Revised date: 7-8-2018
Accepted date: 19-8-2018

Please cite this article as: Alamelu K, Ali BMJ, TiO₂-Pt composite photocatalyst for photodegradation and chemical reduction of recalcitrant organic pollutants, *Journal of Environmental Chemical Engineering* (2018), <https://doi.org/10.1016/j.jece.2018.08.042>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

TiO₂-Pt composite photocatalyst for photodegradation and chemical reduction of recalcitrant organic pollutants

K. Alamelu and B.M. Jaffar Ali*

Bioenergy and Biophotonics Laboratory, Centre for Green Energy Technology, Pondicherry University, RV Nagar, Kalapet, Puducherry -605014, India.
