Comparison of planetary and local geomagnetic disturbance indices: Operational implications

Wonhyeong Yi, Jiyoung Kim

PII: S1364-6826(17)30668-5

DOI: [10.1016/j.jastp.2018.04.016](https://doi.org/10.1016/j.jastp.2018.04.016)

Reference: ATP 4844

To appear in: *Journal of Atmospheric and Solar-Terrestrial Physics*

Received Date: 30 November 2017

Revised Date: 22 March 2018

Accepted Date: 28 April 2018

Please cite this article as: Yi, W., Kim, J., Comparison of planetary and local geomagnetic disturbance indices: Operational implications, *Journal of Atmospheric and Solar-Terrestrial Physics* (2018), doi: 10.1016/j.jastp.2018.04.016.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
