

Disclosure of relevant financial relationships

A provider accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Academy is dedicated to providing continuing medical education that is independent, fair, balanced, objective, and free of commercial bias. The Board of Directors requires that all abstract authors faculty comply with all applicable laws and regulations governing disclosure.

All poster abstract authors are expected to disclose to their audience all financial or other relationships with a commercial interest. A commercial interest, as defined by the ACCME, is any entity producing, marketing, reselling, or distributing health care goods or services consumed by, or used on, patients. Scientific session faculty are also required to know and disclose to their audiences the US Food and Drug Administration approval status of all medical devices and pharmaceuticals for the uses discussed, described, or demonstrated in their presentations.

Any relationship with a commercial interest must be disclosed if it will be discussed in the poster presentation. If no relationships exist, the author(s) must state that no financial relationships exist with commercial interests. Authors must disclose regardless of whether an actual conflict exists.

ALPHABETICAL DIRECTORY OF AUTHOR DISCLOSURES

A

Abbade, Luciana, PhD; no financial relationship exists with commercial interests.
