Continuous Real-Time Monitoring of Flexible Pavement Layer Density and Thickness Using Ground Penetrating Radar

Siqi Wang, Shan Zhao, Imad L. Al-Qadi

PII: S0963-8695(18)30034-3
DOI: 10.1016/j.ndteint.2018.08.005
Reference: JNDT 2014
To appear in: *NDT and E International*
Received Date: 15 January 2018
Accepted Date: 21 August 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Continuous Real-Time Monitoring of Flexible Pavement Layer Density and
Thickness Using Ground Penetrating Radar**
