EFFECT OF CONTACT LOAD UPON
ATTRITION-CORROSION OF HUMAN
DENTAL ENAMEL

Yun-Qi Wu, Joseph A. Arsecularatne, David I.
Warton, Mark Hoffman

www.elsevier.com/locate/wear

PII: S0043-1648(18)30210-2
DOI: <https://doi.org/10.1016/j.wear.2018.08.005>
Reference: WEA102480

To appear in: *Wear*

Received date: 19 February 2018
Revised date: 30 July 2018
Accepted date: 6 August 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

EFFECT OF CONTACT LOAD UPON ATTRITION-CORROSION OF HUMAN DENTAL ENAMEL
