Accepted Manuscript

The application of caprylic acid in downstream processing of monoclonal antibodies

Yifeng Li

PII: S1046-5928(18)30451-0

DOI: 10.1016/j.pep.2018.09.003

Reference: YPREP 5324

To appear in: Protein Expression and Purification

Received Date: 18 August 2018

Accepted Date: 7 September 2018

Please cite this article as: Y. Li, The application of caprylic acid in downstream processing of monoclonal antibodies, *Protein Expression and Purification* (2018), doi: 10.1016/j.pep.2018.09.003.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

The application of caprylic acid in downstream processing of monoclonal antibodies
