Title: Complete genome sequence of the marine fish pathogen *Vibrio anguillarum* and genome-wide transposon mutagenesis analysis of genes essential for *in vivo* infection

Authors: Yang Guanhua, Cheng Wang, Xuotong Wang, Ruiqing Ma, Huajun Zheng, Qin Liu, Yuanxing Zhang, Yue Ma, Qiyao Wang

PII: S0944-5013(18)30880-2
DOI: <https://doi.org/10.1016/j.micres.2018.08.011>
Reference: MICRES 26206

To appear in:

Received date: 27-7-2018
Revised date: 21-8-2018
Accepted date: 23-8-2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Complete genome sequence of the marine fish pathogen *Vibrio anguillarum* and genome-wide transposon mutagenesis analysis of genes essential for *in vivo* infection
